

## Position Description Sierra Nevada AmeriCorps Partnership

<b>Eastern Sierra Land Trust</b>	
<b>Position Title:</b>	<b>Type:</b>
<i>Education Coordinator</i>	<input checked="" type="checkbox"/> <b>Full Term</b> <input type="checkbox"/> Half Term

**Organizational Background:** *Established in 2001 and Accreditation Renewal in 2016, Eastern Sierra Land Trust (ESLT) works with willing landowners to protect working farms and ranches, rare wildlife habitat, and a rural heritage that harkens back to the days of the great American frontier. We work in California’s Eastern Sierra, a 14,000 square-mile region rich in wildlife and natural beauty and steeped in the history and legacy of the old West. Through strategic conservation easements that afford permanent protection for private land, ESLT enters into legal agreements with willing landowners to safeguard their land for scenic, agricultural, recreational, habitat, and watershed values. This healthy balance of sustainable uses ensures a strong local economy and protection for natural areas, wildlife habitat, and migration corridors.*

*Preserving the Eastern Sierra goes beyond protecting the land with legal tools. Our community outreach engages and inspires the public to take responsibility for protecting the Eastern Sierra’s rural legacy. Youth are a special focus, as our next generation will soon be responsible for making decisions about land use and management. By instilling the value of conservation, we encourage an ethic of land protection that will last for decades to come. Educational activities for elementary school students include birding and natural history field trips, creative writing workshops, and pollinator and native plant gardens. For older students, ESLT organizes multi-day ecological restoration projects, leads tours and camp-outs on preserved lands, and organizes field trips to wildlife migration corridors and habitat restoration projects. Activities take place on land that has been protected by ESLT.*

**Number of Member Positions at this Site:** *1, maybe 2*

**Site Supervisor’s Name(s) and Title(s):** *Kay Ogden, Executive Director*

**Position Description:** *ESLT’s Education Coordinator and AmeriCorps member will expand, develop and deliver high quality youth and adult environmental educational programs for the organization by involving our community and members in certifying pollinator-friendly gardens, field trips, seminars, workshops, and restoration and stewardship projects. Our Education Coordinator will be involved in watershed restoration and enhancement including: implementation, recruitment and community education about the Eastside Pollinator Garden Project; collaboration and coordination of habitat restoration projects that include the Round Valley Mule Deer herd and the Owens Speckled Dace fish populations, one of which has been labeled a*

*Fish Species of Special Concern in California; collaboration with local organizations and other AmeriCorps members in the area; design, production and distribution of education materials that increase public awareness and support for effective watershed and habitat protection and enhancement; outreach and presentations to community groups, citizen sciences and stakeholders; develop and organize effective restoration and education events such as The Great Sierra River Clean-Up and Scenic Highway 395 clean-up; utilizing GIS to make maps for outreach, presentations and citizen science involvement; recruitment and management of program related volunteers; and occasional assistance with land stewardship projects.*

**Site-Specific Training Provided:** *ESLT will train our new SNAP member fully with all staff member and their programs. Additional trainings will be provided that fit with our new SNAP member's career and professional goals.*

**Things to Note:** *Applicants should possess a college degree with a focus and interest in biology, ecology, environmental science, human/public health, or related field; high level of energy and passion for ESLT's mission, preserved lands and the region's important watersheds. Excellent communication skills, interest in and general knowledge of pollinator and native plants, biology, good physical conditioning, and ability to navigate and travel in the outdoors are required qualifications. Interest in working with youth to plant and maintain our school sunflower garden and the public through outreach efforts will be helpful. Ability to hike through creeks and vegetation and be on your feet for up to 10 hours a day and the ability to work in the office sitting at a computer station for up to 8 hours a day; Tolerance and appreciation for various viewpoints are also necessary for living in a remote rural environment. Sense of humor and team player orientation is always a plus.*

*ESLT staff and board will assist with introductions to Eastern Sierra living for our AmeriCorps member. Fresh food and baked goods show up at unexpected times, and the office has a full shower and is walking distance to "downtown". Living in a safe and small town surrounded by awe inspiring scenery and endless outdoor recreational opportunities is a priceless and unequalled benefit! COVID-19 may make working from home a priority, and working in the office will be scheduled according to ESLT's Re-Entry Plan and the Governor's stay at home orders.*
